info@immersiveos.com

IMPORTANT: all information provided in this document is non-final and is going to change on July 1st, 2017 once the pre-sale contract is deployed.

Mist Wallet

<https://github.com/ethereum/mist/releases>

1. Paste contract address **0x5ff03178039720e3e3249740607d58e3a67edcce** in the TO field
2. Enter your contribution amount in the AMOUNT field
3. Paste contract data **0xb60d4277** in the DATA field
4. Click the SEND button

The screenshot shows the Mist Wallet 'Send funds' window. At the top, there's a status bar with 'WALLETS', 'SEND', a balance of '11.46 ETH', and 'CONTRACTS'. The main area is titled 'Send funds'. Under 'FROM', it shows 'Main account (Etherebase) - 11.46 ETH'. The 'TO' field is labeled '1. PASTE CONTRACT ADDRESS'. The 'AMOUNT' field is labeled '2. ENTER CONTRIBUTION AMOUNT' and shows '0 ETH'. Below it, there's a 'Send everything' checkbox. The 'DATA' field is labeled '3. PASTE CONTRACT DATA' and has a warning: 'You can add extra data to send along with your transaction. If you don't know what this is then don't touch it or bad things may happen.' At the bottom, there's a 'SELECT FEE' slider set to '0.0084 ETH' with 'CHEAPER' and 'FASTER' labels. A note says: 'This is the most amount of money that might be used to process this transaction. Your transaction will be mined usually within a minute.' The 'TOTAL' is '0.0084 ETH'. A blue 'SEND' button is at the bottom, with a red instruction '4. CLICK SEND TO PARTICIPATE' next to it.

MyEtherWallet

<https://www.myetherwallet.com/>

Click on Send ether & Tokens

1. Past contract address **0x5ff03178039720e3e3249740607d58e3a67edc** in the TO ADDRESS field
2. Enter your contribution amount in the AMOUNT TO SEND field
3. Paste contract data **0xb60d4277** in the DATA field
4. Click the GENERATE TRANSACTION button

+ Send Ether & Tokens

To Address

1. PASTE CONTRACT ADDRESS: 0x5ff03178039720e3e3249740607d58e3a67edc

Amount to Send

2. ENTER AMOUNT TO SEND

ETH

Send Entire Balance

Gas Limit

21000

Data

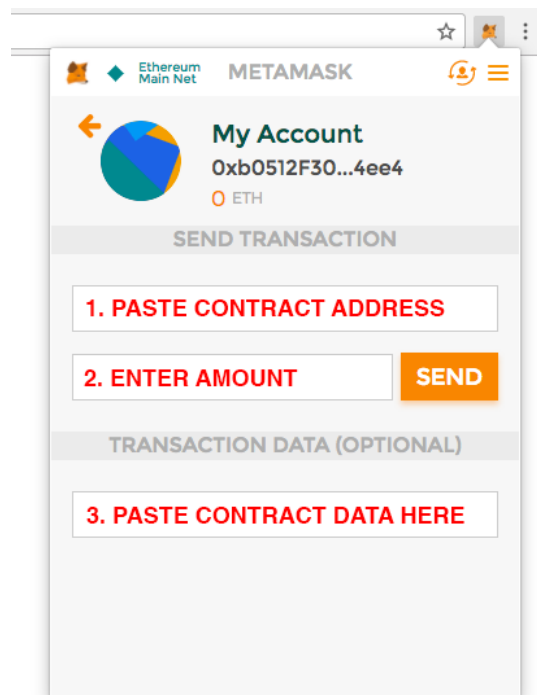

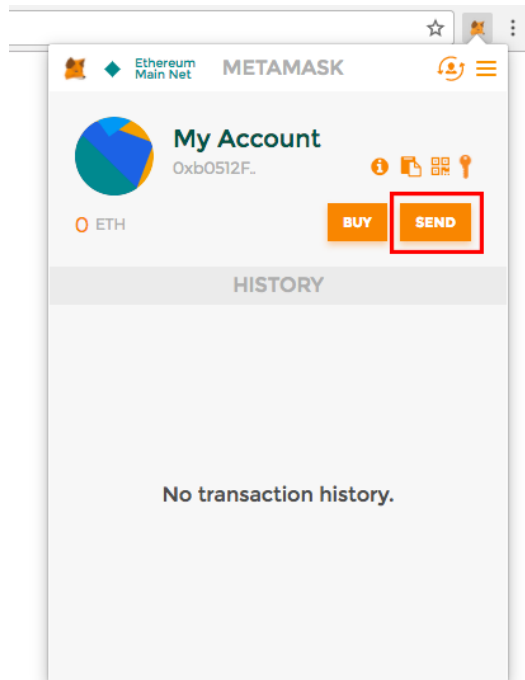

3. PASTE CONTRACT DATA: 0xb60d4277

Generate Transaction

MetaMask

<https://metamask.io/>

1. Click on the meta-mask icon in the top-right-side of your Chrome browser win
2. Click on the SEND button
3. Paste the contract address **0x5ff03178039720e3e3249740607d58e3a67edcce**
4. Enter the funding amount
5. Paste the contract data **0xb60d4277**

Other Ethereum Wallets

The ImmersiveToken pre-sale smart contract address is:

0x5ff03178039720e3e3249740607d58e3a67edcce

The contract data is: **0xb60d4277**

Using Geth / Web3

Send your eth contribution to the contract address with the contract data.

For example, using web3:

```
web3.eth.sendTransaction({from:[YOUR-ACCOUNT-ADDRESS], value:[FUNDING-AMOUNT], to:0x5ff03178039720e3e3249740607d58e3a67edcce, data:0xb60d4277});
```

Avoiding Scams

On July 1st, the first day of the crowd-funding event, please check one or more of the following online resources for the final contract address and data. The address and the data are going to be published on all of these channels. They should all be identical - be safe and avoid using addresses and data from any other source.
